THE ROAD TO WORLD CAR 2025 and the **WORLD CAR FINALS POWERED BY BREMBO** concluded today with the live announcement of the winners in six award categories at the [New York International Auto Show](#).

The **HYUNDAI INSTER / CASPER ELECTRIC** is the **2025 World Electric Vehicle**.

Today's vote results have been tabulated by [KPMG](#). A [jury of 96 distinguished international automotive journalists](#) from 30 countries selected the *Top Three in the World* finalists by secret ballot based on their evaluation of each eligible vehicle as part of their on-going professional work.

This is the **third World Electric Vehicle win** for the Hyundai Motor Company. "The Hyundai INSTER has been a winner with customers since we introduced it. It's very gratifying that the experts on the prestigious World Car Awards jury feel the same way. The combination of compelling design, range, enjoyable driving characteristics, intuitive infotainment and technology that customers appreciate is emblematic of Hyundai's approach of delivering exceptional value to our customers. The fact that our global portfolio is successful both commercially and critically speaks to the hard-working people throughout the Hyundai value chain who are delivering some of the best vehicles on the road today. Thank you to all the jurors for your service to this great industry," said **José Muñoz, President and CEO of Hyundai Motor Company**.

Thirty-one vehicles competed in the **World Electric Vehicle** category this year. The 2025 **Top Three in the World finalists** were announced on March 18th. They are the Hyundai INSTER / CASPER Electric, the Kia EV3 and the Porsche Macan Electric.

ABOUT

World Car Awards

It is the mission of the World Car Awards and its 96 global journalists on the jury panel to recognise, reward and inspire automotive excellence, leadership and innovation in a rapidly changing automotive industry on a global scale.

To that end we test drive and evaluate new or fully-redesigned vehicles that are for sale in multiple markets on more than one continent each year, voting to determine the World Car Design, World Luxury Car, World Performance Car, World Urban Car, World Electric Vehicle and World Car of the Year. Full vehicle eligibility requirements and our annual timeline can be found on our website.

Now in their 21st year, the annual World Car Awards are the number one awards program in the world for the 12th consecutive year in terms of media reach and analysis of the top global markets. The awards were inaugurated in 2003, and officially launched in January 2004, to reflect the reality of the global marketplace. The awards are intended to complement, not compete, with existing national and regional Car of the Year programs.
